Bill Payne carved these birds from colored acrylic. Definitely a power carving project he said.

The National Chain Saw carving contest will be held in Eureka Springs, Ark., April 22nd and 23rd. Expect 20 to 25 carvers, and some spectacular carvings. It's a good day trip from Tulsa. It is amazing what these folks can do with a chainsaw.

Hello Fellow Carvers. This is Katrina Meredith with the Kaw Valley Woodcarvers Association of Topeka, Kan. Now that CoVid seems to have settled down some, we want to get back to having an annual show. This contact is a feeler to see if you are interested in being part of the show this year. We have lost our location at the Ramada Downtown, but we do have a few prospects in mind. The good news is that this appears to be the opportunity for all participants to be in one room again! We are not asking for promises, just an idea of how many might still be interested in participating in our Topeka show. Due, in part, to our need to change locations our show will also be changing dates. We are currently looking at **September 10 – 11, 2022**. We have much to do in a short amount of time. Please help us out with a reply of some kind. Feel free to share this with others. We will answer any questions that we can.

Thank you for taking the time to read this.
