### SHOP TIPS

– provided by Bill Payne

Your local saw mill can be a source for a variety of woods for carving. Just ask for permission to raid their scrap pile.

Dust collecting:  
 Put a piece of plywood underneath your table saw, cut a hole to fit your shop vac hose, collect the dust as you saw

### BLAST FROM THE PAST

The 1980 woodcarving show will be held in Woodland Hills Mall for three days. This is our 4th annual show. Cost will be \$15. for one table and one chair.  
 (From the EOWA newsletter that year)

### 2018 Woodcarving and Folk Art Show

June 1-2, at Broken Arrow Central Park Community Center, 1500 S. Main, Broken Arrow, 9:00 am to 5:00 pm each day. For newcomers, this is our big deal annual show with woodcarvers and folk artists from Oklahoma, Texas, Arkansas and Kansas showing their art and craft. Highlight will be the woodcarving competition on Friday and speed-carving contest on Saturday. Club members are encouraged to volunteer to help with running the show. Help is really needed at the club table to assist in the raffle ticket sales, handling give-away items and club literature, and laying out spaces for tables. Brian Doerksen is the go-to guy here. Rusty Johnson will need nine judges for the carving competition. Cora Mehm will need a few hands to monitor the speed-carving competition. Incentive: Club members who volunteer will be eligible to enter the speed carving competition.

### Raffle Items for Summer Show

Here are several of the items to be raffled off during the Woodcarving and Folk Art Show June 1-2. Need not be present to win.

The WorkSharp tool sharpener. The brand new power device sharpens wood tools cleanly and easily. The tool is valued at \$250. It will come with a separate (gently used) knife and scissor sharpening attachment valued at \$50. Total value \$300.

Detailer Wood Burner by Colewood with pen and five assorted tips. Value new \$90.

Caricature

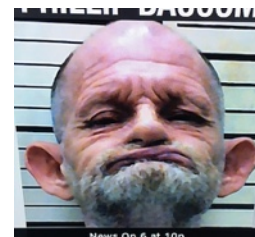

Realistic

In our continuing discussion on the difference between caricature and realistic carving let us compare these two examples. The carving on the left is a beautiful example of caricature carving in that the normal human proportions are manipulated for emphasis and character expression. The head is slightly larger in proportion to the shoulders. The eyes and nose are higher up on the forehead than a typical face and the nose and chin are exaggerated for dramatic emphasis. The jacket, feathers and other regalia are well done, accurate representations and would go nicely on any realistic bust.

The realistic bust on the right shows proportions that are average for a typical human. The eyes are half way down from the top of the head to the chin. The bottom of the nose is about half way between the eyes and chin. The face is five eye-widths wide. The forehead is wider than the chin. The shoulders are in proportion to the head. Both carvings are beautiful examples of their styles. Both expressions are determined and intense.

Having said all this about average proportions be aware that there are exceptions to every rule. This fellow would make a wonderful caricature carving that no exaggeration by a carver could enhance.

## Flexcut Tools

For several years now Flexcut has been donating items to EOWA for our summer show including tools, brochures and Cash Back Rebates. We enjoy their support and look forward to working with them in the future.

Of note, in 2013 Flexcut launched their YouTube channel featuring instructional videos, demonstrations of new tools, sharpening information and more. It is a great resource for both beginners and experienced carvers. Check it out at [YouTube.com/flexcutcarvingtools](https://www.youtube.com/flexcutcarvingtools)

**Want an embroidered EOWA patch** for your hat, vest, tool bag, canvas apron, jacket or anywhere else you might want to display it? Only \$4. See Lori Hamilton (right).

Name that wood: 1. Kauri tree, 2. Myrtle

About name tags: since we are a club of mostly seniors we like name tags to avoid the embarrassment of forgetting a friend's name. Therefore it is a club rule that all members have a carved name tag. A hefty fine of 25 cents will be levied against members not wearing one at a meeting. New members are given a one-month grace period to produce their own.

It is sort of silly to mention that this newsletter may be found on the EOWA web site since if you are reading this you have the newsletter in hand or on screen. But, note that the newsletters will be archived there so past editions will be available for reference. The site url is:
