### Carving Tip

If you are working on a piece and are worried about it checking or splitting, store it in a plastic bag along with some damp towels or cloth between carving sessions. Do not store it where there are wide temperature variations.

### Flexcut Tools

For several years now Flexcut has been donating items to EOWA for our summer show including tools, brochures and Cash Back Rebates. We enjoy their support and look forward to working with them in the future. Of note, in 2013 Flexcut launched their YouTube channel featuring instructional videos, demonstrations of new tools, sharpening information and more. It is a great resource for both beginners and experienced carvers. Check it out at [YouTube.com/flexcutcarvingtools](http://YouTube.com/flexcutcarvingtools)

About name tags: since we are a club of mostly seniors we like name tags to avoid the embarrassment of forgetting a friend's name. Therefore it is a club rule that all members have a carved name tag. A hefty fine of 25 cents will be levied against members not wearing one at a meeting. New members are given a one-month grace period to produce their own.

It is sort of silly to mention that this newsletter may be found on the EOWA web site since if you are reading this you have the newsletter in hand or on screen. But, note that the newsletters will be archived there so past editions will be available for reference. The site url is:
